These Employees Keep The Wheels Moving

Classified Documents Must Be Well Guarded

Recent developments in connection with the security of the Atomic Energy program indicate the necessity for further strengthening the control of Restricted Data in Y-12.

Each recipient of a classified document is responsible for handling and storage of that document until the document is destroyed or transmitted to another authorized person.

Desks Not Adequate Repository

All written or printed materials bearing the classification of confidential or higher should be locked in proper repositories when not in use. A desk is not considered as an adequate storage place for classified documents. Cover sheets are required on such documents to protect the contents from exposure to unauthorized persons. At no time should classified documents be left in desks or in unlocked repositories when an office is unattended.

Each custodian of classified information is required by law to keep an accurate record of all classified materials in his possession. If a cabinet or safe containing classified information is found unlocked after working hours, the person responsible is required to return to the plant and make an inventory of the contents of the repository to determine if any documents are missing.

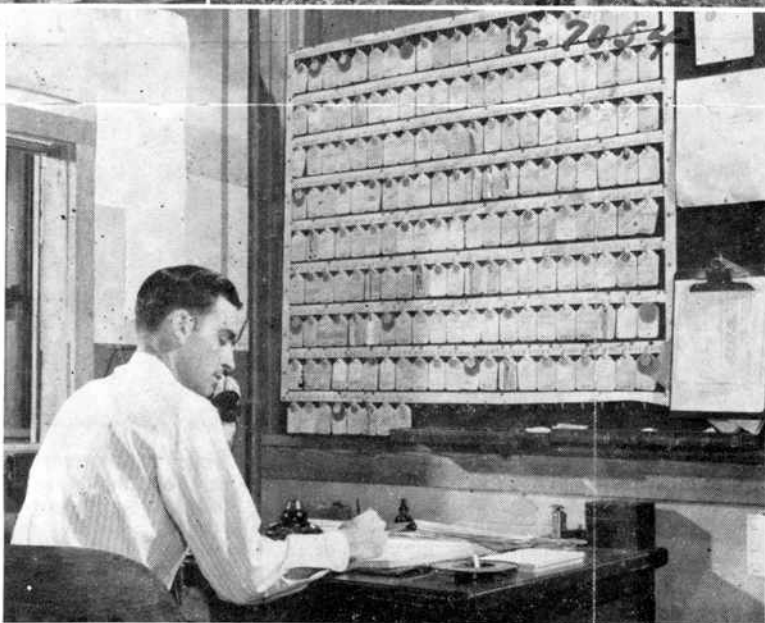

It is required that the names, addresses, and telephone numbers of persons responsible for the classified contents of a safe or cabinet be posted on the outside of such repositories.

LIONS INSTALL Y-12 MEN

Four Y-12 men were installed as officers of the Oak Ridge Lions Club Monday night, July 14. They were Howard P. Doyle, first vice-president; Fulton Moore, second vice-president; Chris Keim, third vice-president; and L. O. W. Bonham, secretary. Harry Carper, of K-25, was installed as president of the club.

SCIENTISTS MEET TONIGHT

The Association of Oak Ridge Engineers and Scientists will discuss future plans for the group at a meeting set for 8 o'clock tonight at the Elm Grove School.

Some functions and personalities in Dept. A13T, Transportation, are shown above. At top left, a group of department employees and riggers are discussing how to use a crane in lifting a large signboard. On the board are, left to right, George Howard, Rigger Foreman; C. B. Hedrick, Crane Driver; and M. V. DeLong, Crane Operator. C. E. McGregor, Dept. A13T Foreman, is pointing to the board while C. B. Hopkins, General Foreman of the Maintenance Division, stands to McGregor, left. A group of chauffeurettes are shown in the upper right picture. On the big grader, left to right, are Bessie Martin, Lula Belle Justice and Lillie Clas, the latter being assigned to the Dispensary; while standing below is Ollie Morris. The center picture shows McGregor at the index board on which the disposition of every motor vehicle in Y-12 is recorded. Below are a group of Dept. A13T drivers. First row left to right, are B. W. Sellers, A. L. Scarbough, Charles B. Woodward, R. S. Phillips and McGregor. Second row, C. E. Manis, R. B. Ridenbough, L. E. Selvidge, Theodore Renner, W. B. Mott, A. G. Stokesberry, J. A. Williams, B. H. Owens and J. T. Smith.

Transportation Department Keeps Y-12 Mobile Equipment Rolling In Smooth Fashion

The smooth operation of mobile equipment in Y-12, including Guard and Fire Department vehicles, is the big task assigned to Dept. A13T, Transportation, which has its headquarters down in Bldg. 9968. The transportation of personnel and materials is a big factor in the smooth operation of the plant and the Transportation Department with its approximately 50 employees and 160 vehicles of all types boasts of a splendid record for safe and efficient performance.

The department functions under Maintenance Superintendent W. H. Acton, with C. E. McGregor being immediate foreman of the group. C. B. Hopkins is general foreman in the Maintenance Division under whose jurisdiction the Transportation Department comes, and Louis Madonna is Supervisor.

Many Types Of Vehicles

Most of the drivers in the department have the experience required to operate many different types of vehicles.

The amount of travel put in by the department drivers is evidenced by the fact that during June Y-12 vehicles operated 67,370 miles. Practically all of this was in the Y-12 plant area. Few trips were made by any vehicles outside of Oak Ridge.

Record Kept On Each Vehicle

Of the 160 vehicles operated by the Transportation Department, 28 are passenger automobiles, 45 are one and one-half ton stake body trucks, 15 are station wagons or carryalls and the rest varied types of heavier equipment. Foreman McGregor maintains a close record on the location and condition of each vehicle.

The disposition and location of each vehicle is noted on a large dispatcher's board. Each is checked in and out on every assignment by means of colored tags attached to a hook under a card bearing a description of the vehicle. A white tag means the vehicle is assigned to regular departmental or individual duty, a green tag indicates it is in the garage for service or repairs, a yellow tag means it is on service in the Y-12 area and a red tag shows it is in service outside of the plant premises.

Some Permanently Assigned

Many of the passenger automobiles and trucks under jurisdiction of the Transportation Department are on permanent assignment to departments or individual employees in the plant where efficient operations makes it preferable for such permanent assignment. Other vehicles are available to authorized personnel for use on official trips, driven by chauffeurettes or regular men drivers, the women being assigned to passenger cars on the day shift and men operating both passenger cars and trucks on other shifts.

How Vehicles Are Obtained

On the day shift vehicles are assigned for duty by Dispatcher W. T. Bradshaw, who is assisted by S. T.

(Continued on Page 3)

Keen Competition Expected In Camera Club Contest

Keen competition is expected in the formal print contest to be held tonight by the Carbide Camera Club. The contest will be held at the regular club meeting at 8 o'clock in the East Portal building of Y-12.

Each club member may enter up to four prints in the contest and from interest shown in the event, a large number of interesting pictures are expected to be displayed.

Four Departments Set Perfect Work Marks

Four departments in the minor league, composed of groups with from 15 to 49 employees, reported perfect attendance records for the week ending July 12. Three of these departments repeated their marks of the previous week, while one newcomer entered the list credited with no absentees for the week. No perfect attendance figures were reported by the departments in the major league with more than 50 employees.

Dept. A19N, Laundry; Dept. B-12A, Superintendents; and Dept. A15N, Experimental Process Equipment Maintenance; were the repeaters in the minor league with all employees on the job during the week ending July 12. Dept. A12D, Dispensary, joined this group for the week.

In the major league the competition was keen again. Dept. A14N, which had a perfect attendance mark for the week ending July 5, slipped slightly to report an absentee mark of .8 but still held the top place. Dept. A12M, which was in second place during the week ending July 5, retained that position in the standings.

The minor league group absentee percentage for the week ending July 12 was 3.4 per cent, 1.4 per cent higher than the previous week. The absentee percentage in the major league was 2.6 per cent, an increase of .4 per cent. The plant percentage of absenteeism was 2.7 per cent, .6 per cent higher than the previous week.

The complete plant standing by departments is published on Page Three.

New Y-12 Phone Directory Distributed In Plant Area

A complete new official telephone directory for the Y-12 plant of Carbide and Carbon Chemicals Corp. was issued last week, replacing the old directory which has been in use since June, 1946. The new directory also includes telephone numbers of Tennessee Eastman Corporation and Atomic Energy Commission offices now located in the plant area.

Nine pages in the front of the book give departmental listings. Eight more pages are required for individual listings. The building number as well as the telephone number is given for every office and individual.

Whenever there is a change in a telephone number, Office Services, Bldg. 9723-4, should be notified by memorandum immediately to insure that the change will be listed with the telephone exchange until such time as a new directory is issued.

TWO SUGGESTIONS ADOPTED

Two Y-12 employees last week had suggestions accepted by the Company for improvement of plant operations. They were R. R. Goodsey, Dept. M12P, who submitted Suggestion No. 60557; and Myron Stooksbury, Dept. M13B, author of Suggestion No. 60026.

Miss Margaret Grey Patching

SCOTT-PATCHING

Mr. and Mrs. Walter Patching, of Oakdale, Tenn., have announced the engagement and approaching marriage of their daughter, Margaret Grey, to Russell J. Scott, son of Mr. and Mrs. John L. Scott, of Lansing, Tenn.

Miss Patching is a former TEC employee and now is employed in Y-12 by the Atomic Energy Commission. She attended Lincoln Memorial University in Harrogate, Tenn. Scott served four years with the Army Air Corps and has been attending Tennessee Polytechnic Institute in Cookeville, Tenn.

The wedding will take place this fall at the home of the bride-elect.

Fes Lowry Is Given Post By State Junior Chamber

Fes Lowry, Y-12 Standards Engineer, now is chairman of the state committee on international relations of the Tennessee Junior Chamber of Commerce. He was appointed to the position at the recent quarterly meeting of the Jaycees in Nashville.

C. G. Henderson, president of the Oak Ridge Jaycees and Y-12 Chief Safety Engineer, and Mrs. Henderson were among the 11 Oak Ridge members of the organization attending the Nashville meeting. The report made by the Jaycee president on activities of the Oak Ridge club during last year was rated as among the best three reports in the state.

Other Oak Ridge men named to state committee chairmanships at Nashville were John Owen, of K-25, interclub relations; and John Tygard, AIT, conventions.

"HUSBAND, WIFE" PARTY SET

A "Husband and Wife" bridge party will be offered by the Evening Bridge Section of the Oak Ridge Women's Club at 8 o'clock Wednesday night in the East Lounge of the Ridge Recreation Hall. Hostesses will be Mrs. Roberson Carter, Jr., Mrs. Buford S. Callahan, Mrs. Charles E. Bryan, Jr., and Mrs. Frank L. Frazier.

Olyne Poindexter, of Manufacturing Offices, is spending her vacation in Detroit, Mich. . . . D. W. Harrigan has gone to West Virginia to enjoy his vacation . . . Others enjoying vacations this week from Manufacturing Offices are Charlie Sowers, C. L. Bratcher, Roy Hale and Sarah Keith . . . Mildred L. Porter is recovering from an operation at the Fort Sanders Hospital in Knoxville.

Ruth Kidwell, Badge and Pass Office, has returned from a vacation spent with home folks near Greenville, Tenn.

Several employees of Analytical Laboratory are still going and coming from their vacations. Those returning are C. S. Peal from Blodgett, Mo., Merial Culberson from Surgoinsville, Tenn., and Hazel Davie from Bristol and Gate City, Va. Those leaving are Harry King for Lockhart, Minn., Dot Mauldin for Rochester, N. Y., Eunice Rutherford for Baltimore, Md., and Candy Johnson for Natchitoches, La.

Arnold Tiller, Recreation Supervisor, has just returned from a two week's vacation.

James Capehart, King Spainhour, P. J. Stephens, and Freeman Waddell are new transfers into the Research and Development Department.

Bessie Railey, of Stores Dept., and husband are vacationing with relatives in Alabama and Chattanooga, Tenn.

Friends extend their sympathy to Opal Griffin, of Personnel, who recently attended the funeral of her grandmother in Smithville, Tenn. . . . Evelyn Hammons and Maude Partin visited friends and relatives in Asheville, N. C., recently . . . Robert L. Cantrell and wife spent a weekend in Sylvia, N. C., with relatives.

Charles S. Harrill, Dept. A15N, and his bride, the former Edith Ann Manson, a former Y-12 employee, enjoyed a honeymoon trip in the Great Lakes region following their marriage July 5 in the chapel of the Union Theological Seminary, Richmond, Va. The ceremony was performed by the Rev. William T. Manson, Jr., Covington, Va., brother of the bride, who was assisted by the Rev. H. Gordon Coiner, Baltimore, Md., brother-in-law of Mrs. Harrill.

John D. Faris, assistant news editor of The Bulletin who returned today from a vacation trip in the Middle West, wrote during his absence that he wants to run for Congress on a platform of marking highways more clearly, more intelligibly and more frequently. It seems while John was motoring across "some wild and untamed country" on a detour he found himself headed for Florence, Ala., instead of Memphis. The Faris family finally backtracked and came out in the open at Pickwick Dam.

James Paterson, Analytical Laboratory, is back at work after a vacation in Minneapolis, Minn. . . . Two other vacationers in this department are Mary Herring, who will take a cruise through the Great Lakes, touching Chicago and Cleveland, and Genevieve Bryant, who will be in Indianapolis, Ind.

Rufus Dunn, Electrical Equipment, Repair and Maintenance, is vacationing in Lexington, Ky., provided he can find a bus schedule . . . W. M. Redden, E. B. Kimbo, E. J. Winton, and R. L. Hutson are also on vacation.

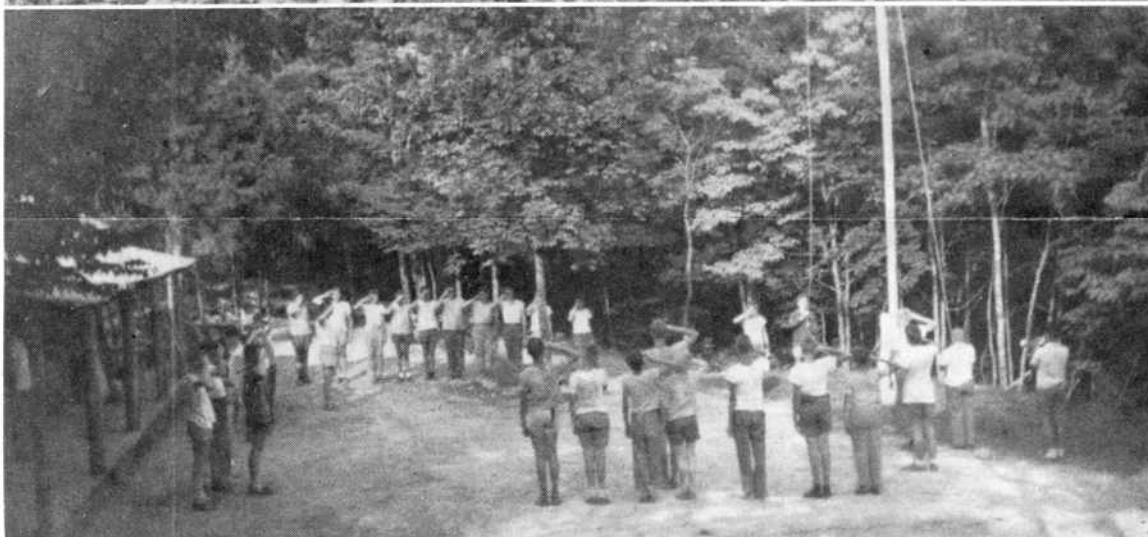

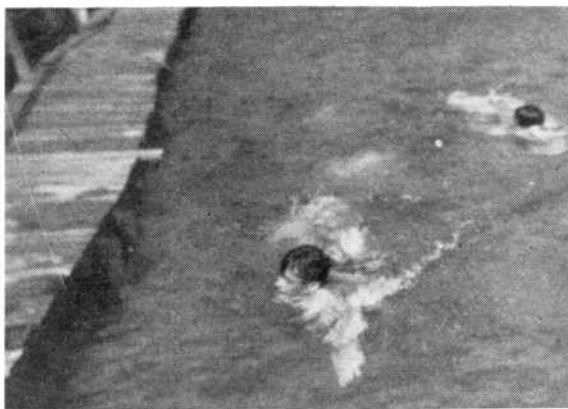

Mae Slagle, Industrial Services, and husband spent the weekend in New Market, Tenn., with his parents.

Gene Williams, Chemical Recycle, is spending his vacation in Jacksonville, Fla. . . . Sympathy is extended to Mary Bailey on the death of her mother . . . J. A. Kinnane is enjoying a vacation in the Cumberland Mountain Park.

Virginia Bowers, Research and Development, is spending a two week's vacation at Daytona Beach, Fla.

James H. Graham, Experimental Process Development, has returned from St. Louis, Mo., where he and his family spent their vacation seeing the races and visiting relatives . . . Argel Lawson and family spent their vacation visiting relatives in

Scouts Enjoy Activities At Camp Pellissippi

Oak Ridge Boy Scouts and Y-12 folks have been interested in activities at Boy Scout Camp Pellissippi on Norris Lake. These snapshots of events at the camp were given The Bulletin by D. R. Arms, Dept. A15N, Experimental Process Equipment Maintenance, Scoutmaster of Troop No. 225. The upper left picture shows Billy Arms, 15, son of V. W. Arms, Sr., a mechanic in Dept. M13B, Bldg. 9204-3 and uncle of the Scoutmaster, winning a short distance swimming race. At the upper right Scoutmaster Arms, left, Jack Fisher, Oak Ridge Scout Executive whose son is in Arms' troop; and Orton Dugan, Executive of the Great Smoky Mountain Council, look over camp activities. A class in water safety is being conducted in the center picture with members of Troop No. 225 in the foreground. The lower photograph shows the color lowering ceremonies at the end of the day. In the foreground and at the left are scouts from Oak Ridge. During the camp session D. R. Arms completed instructor's courses in health and safety and in first aid. He also won merit badges for swimming, safety, woodcarving and first aid.

Huntsville and Oneida, Tenn. . . .

J. H. Stone and his wife recently spent a long weekend in Pulaski, Va., visiting relatives . . . Other department personnel vacationers are Evelyn Fullman, Jack Martin, H. W. O'Malie, J. W. French, A. G. Rice, and C. S. Harrill.

A speedy recovery is wished for Ann Prestin who is on the sick—also for O. B. Trammell . . . Virginia Creekmore, Shops Maintenance, is away on vacation . . . Charlie Greene is vacationing and plans to build a little cabin while he has a few spare hours. Hope he has a nice cabin when it is finished . . . Helen Sisson is spending a few days of vacation in Kentucky . . . "Bill" Helps, formerly of TEC, was in Oak Ridge for a couple of days visiting his brother-in-law, Pat Ridge . . . Sam Cowden can surely be proud of his garden this year. It is almost like "Jack and the Beanstalk." Wonder who is going to gather those beans at the top of those 20-foot vines? And the tomatoes, there are enough for three or four meals on one stem. Hope he has no potatoes, as there would be a small mountain in his own yard, according to his beans and tomatoes.

The Oak Ridge Hospital reported the following additions to Y-12 families last week: Mr. and Mrs. William Lasley, a son, July 12; Mr. and Mrs. Robert S. Livingston, a son, July 15; Mr. and Mrs. Millard Wilkerson, a son, July 16.

Hospital List

The following Y-12 employees were on the list of patients at the Oak Ridge Hospital last week: Kenneth S. Fugate, Dept. A14J; Troy C. Seymour, Dept. M13B; Tom McCoy, Dept. A13T; Anesta S. Prestin, Dept. A12N; Claude Heatherly, Dept. M13B; Tilda M. Brewer, Dept. M13B; Johnnie V. Dodson, Dept. M13B; William Tfeiler, Dept. M12-P; Madeline F. Sain, Dept. M12P; Scott D. Lee, Dept. A14J.

Council To Meet Thursday; Y-12 Man Is Vice Chairman

New officers of the Oak Ridge Town Council, including John E. Harding, of Y-12, vice chairman, will function for the first time at a meeting of the council scheduled for 8 o'clock Thursday night when representatives of service and civic clubs of the community and councilmen will select the boundaries for the nine new voting districts and also membership of the ten-man election commission.

These findings will be announced at an open town meeting at 8 o'clock next Monday night in the high school auditorium. The new districts must be set up 60 days before the annual election for members of the council, which will be held Saturday, September 20.

LOWRY "MAN OF MONTH"

The Oak Ridge Junior Chamber of Commerce has selected Fes Lowry, Y-12 employee, as its "Man of the Month" for June. The honor was conferred in recognition of Lowry's work in connection with fund raising for the Jaycees.

Department Absentee Mark For Week Ending July 12

Driver Training Classes Continue

Driver training classes being conducted by the Adult Education Program of Oak Ridge have proven so popular that they will be continued throughout the summer, it has been announced by Archie C. Keller, director of the educational project.

May Enroll By Telephone

Employees of Y-12 or members of their families who wish to enroll in the two courses in driver training may do so by telephone, if they wish, and complete the application card and pay tuition cost at time of first lesson, Keller says. The telephone number of the Adult Educational Program in the Oak Ridge High School is 5-2889.

The two courses offered are for beginners and a refresher course for persons who have had driving experience. The tuition for each course is \$15.

The beginners class meets twice weekly for four weeks with two hours of instruction given at each session for a total of 16 hours. On completion of this course the driver is qualified to take an examination for a state driving permit. The refresher course consists of five hours of instruction and classes are held by appointment.

Fall Term Opens September 29

The Adult Education Program office now is preparing advance notices for the fall term which will open September 29 with a wider variety of courses than have yet been offered in Oak Ridge, Keller reports. The first announcement on the scope of the work to be done during the term is expected September 15, with registration to begin September 22.

Safety Lane Still Open For Inspection Of Vehicles

Motor vehicles operated in Oak Ridge for more than one day each week and which have not yet been inspected on the safety lane on East Division Road just off the Oak Ridge Turnpike, may be given the tests during the regular safety lane operating hours in the future. The lane will remain open the year around, according to the Oak Ridge Department of Public Safety.

Check accident hazards in the home so there won't be so many slip-ups showing.

Modern Wiring Replaces War Construction In Y-12

Permanent wiring equipment is being installed to replace emergency wartime construction installations in Bldg. 9766, Process Division, as shown in the above photographs. In the larger picture Electrician H. G. Bingham, right, is placing the cover on a T joint of a conduit while at the left Electrical Helper C. E. Lay is placing an electric bulb in a lighting fixture. Directly to Lay's left is Foreman J. D. Wallace taking notes on progress of the work. In the photograph to the right Bingham is shown on the ladder aiding in locating a new conduit while the old wiring which is being replaced, is at the right. Lay is holding the ladder. The emergency wiring, while approved by the National Electric Code, is not adapted to severe wear although reasonably free from hazards if properly maintained. The new type of wiring is considered more safe and convenient for efficient plant operation. Electrical installation work in Y-12 is done under the direction of Supt. C. S. Harrill, General Foreman C. S. Newman and Foreman U. L. Alsbaugh.

Horseplay Threat To Victims

Horseplay is one of the most serious offenses to be charged to any employee in an industrial plant. In Y-12 such action can be penalized by dismissal of the offending employee if conditions warrant.

As an example—it actually happened in Y-12 some time back—a hefty employee in a playful mood slipped up behind a small fellow worker, swung an arm around the smaller man's waist, squeezed and lifted him.

The victim passed out—literally. Rushed to the Dispensary he was found to have suffered a bad head-

nia. His tormentor also passed out—through the portals, permanently.

The jokester who likes to pull chairs from under unsuspecting sitters also is liable to cause serious injuries to his victims; ranging not only to the embarrassment of the victim but also to possible broken bones or severe bruises and sprains.

So to persons who are humorously inclined—let it be suggested that they confine their activities to non-violent, non-practical jokes. They will have just as much fun and their fellow employees will be much calmer.

Chemical Group Posts Splendid Safety Mark

An enviable safety record of more than 200 days without a lost time accident has been posted by this group of chemical workers in Dept. M14C. This record was achieved through close compliance with all safety regulations and taking prompt action in removing accident hazards. The group meets at 2 p. m. each Wednesday in Bldg. 9211 to discuss safety problems. The Y-12 Safety Department has commended Division Supt. Jesse M. Herndon, Assistant Supt. W. H. Saylor, Supervisor P. B. Petretzky and Foremen V. Defender, F. Thomas and F. Scheitlin for their efforts in furthering the accident prevention program in the group. In the picture, left to right, first row, are Foreman Defender, Freddie Marler, Winfred Ray, W. H. Kilgore, Foreman Thomas, L. E. Smith, W. B. Austin and Herbert Conduff. Second row, F. Adams, Ken Brown, Naomi Wallis, Carolyn Breece, Alice Petty, Flora Fultz, Fred Hancock, Milton Rice and Mack Livesay. Third row, Supervisor Petretzky, Ted Higgins, Bill Ward, O. C. Blanton, W. V. Stillwell, A. B. Campbell and Richard Mustin. Other members of the group who were not present when the picture was made include H. E. Patterson, P. J. Conerly, G. Chilton, R. B. Roseberry, W. M. Eads, A. P. Cox, A. Lyons, O. M. Garrett, J. Griffin, S. P. McGee, J. Mangrum, C. M. Voekel, T. Hubbard, H. Burnett, T. Arnold, Foreman Scheitlin, Jean Emge, R. Wilson, Kyle Arnold, M. L. Pringle, H. Moore, R. L. Jones and L. M. Brown.

Transportation Department Keeps Y-12 Wheels Moving

(Continued on Page 4)

Burruss. The telephone number for the dispatcher's office is 7391, which is to be called when transportation is desired from 8:15 a. m. to 5 p. m. During other hours emergency service may be obtained by telephoning 7532.

In addition to the regular drivers operating on assignment or call during the day, two emergency drivers are on duty for immediate service on the 3 p. m. to 11 p. m. shift and one from 11 p. m. to 7 a. m., except from 7 a. m. Saturday to 7 a. m. Monday. These drivers answer such emergency calls as for medical service, breakdowns or hurry calls for materials.

Department Operates Bus Service

The Y-12 bus service also is operated by the Transportation Department. These busses now operate on a 10-minute schedule from 6 a. m. to 9:15 a. m. and from 2:45 p. m. to 6 p. m. A seven-minute schedule is maintained between 9:15 a. m. and 2:45 p. m. No bus service is now provided after 6 p. m.

McGregor came to work in Y-12 November 1, 1943. Many other employees in the department also have long periods of service in the plant during which time they have gained and put into practice a full knowledge of what is required on the job.

Souvenir of Oak Ridge Recipes

Below is a recipe for icebox rolls which is included in the "Souvenir of Oak Ridge" cook book.

- 1½ Cups lukewarm water
- 1 Yeast cake
- ½ Cup sugar
- 1 Egg
- 1 Teaspoon salt
- ½ Cup shortening
- 4 Cups flour

Sift salt in flour, work in shortening. Beat egg and sugar together and add dissolved yeast. Pour over dry mixture. Knead, adding more flour if necessary. Cover with waxed paper and put in icebox.

Make rolls after shaping. Let rise about an hour before baking. Bake (400 degrees) for 10-15 minutes.

Is your work bench clean and orderly? Likewise your desk?

First Round Table Talks Set Monday

The first of a series of Oak Ridge round table discussions aimed at airing news and views of world and community problems will be held from 7:30 p. m. to 8 p. m. next Monday night, sponsored by the Oak Ridge League of Women Voters.

All Can Participate

League officials have pointed out that the round table plan of discussion is a program in which all residents of Oak Ridge can participate. A panel of four men will discuss an assigned subject for 15 minutes with their words being broadcast over a public address system to several outlets throughout the city. Listeners at these outlets they may phone questions to the broadcasting center which will be answered by the panel during the last 15 minutes of the program. After the program various groups of listeners are urged to continue the theme of the discussion in talks of their own.

The topic of the first discussion will be "Is Peace Possible?" The panel that will lead the first discussion is composed of Middleton Wooten, former Y-12 employee; Charles Furney, principal of the Highland View School, and Artie Addison, assistant chief of police. Ralph Wolfe, of the Kiwanis Club, will be moderator.

Broadcast To Outlets

The discussions of the panel will be broadcast to outlets at Grove Recreation Hall, Central Dining Hall, West Lounge of Ridge Recreation Hall, lobby of Guest House, Mayflower Grill, American Legion home, Jefferson Recreation Hall, Oak Ridge High School athletic field and the Club Fiesta in Middletown.

Listeners desiring to rush questions to the broadcast center may do so by telephoning 5-4577. If anyone wishes to send questions in advance they may be addressed to the Oak Ridge League of Women Voters, P.O. Box 373.

The round table plan of the League has received an endorsement from David E. Lilienthal, chairman of the Atomic Energy Commission, in a letter to Mrs. St. George Tucker Arnold, president of the League.

INSTRUCTIONS COURSES SET

Courses in water safety and first aid for instructors are being given by Howard Anderson, special field representative for the American Red Cross. The classes began Monday and will continue for 10 days. The water safety classes are held at the Oak Ridge swimming pool and the first aid courses at the Red Cross building.

Y-12 Lassies Tackle Hospital Tonight; Leaders Drop First Game Of Year In Upset

Although the Y-12 gals played their first softball game of the season in bare feet to combat a muddy field; the rains of last week made even that feat impossible and the wearers of the blue and white got a well deserved rest. This should help them to get in shape for another crack at the league-leading Hospital team at 6 o'clock tonight on the Fairview school diamond.

Hope To Break Hospital Hex

The Hospital lassies have had a complete hex on the Y-12 team, having defeated our side in every encounter so far this season. On the other hand, the Y-12 team has not lost a game to any of the other teams in the league.

Y-12 hopes soared last week when the Carbide girls from K-25 staged the upset of the season by whipping Hospital 8 to 4 last Thursday.

In addition to the game against Hospital tonight, the Y-12 girls are scheduled to play their K-25 cousins at 6 o'clock Friday night at Fairview in a contest postponed from earlier in the season because of rain.

Team Batting .343

The Y-12 team batting average for the season so far is a soaring .343. Judy Lowe leads the individuals with a percentage of .538, but has been out of several recent games because of an injured shoulder. Other leading hitters include Rounette McKenzie with a .441, Dot Mellen .428, Helen Brown .413, Pat Roberts .356 and Bonnie Roberts .342.

Managers of the Oak Ridge City League last week decided to extend the season for the women softballers until August 14 to catch up with several postponed contests. The schedule through August 1 follows:

Tuesday, July 22, Y-12 vs Hospital.

Wednesday, July 23, Hospital vs K-25 (rained out game).

Thursday, July 24, Monsanto vs Hospital (rained out game).

Friday, July 25, K-25 vs Y-12 (rained out game).

Monday, July 28, Monsanto vs Hospital.

Tuesday, July 29, K-25 vs Y-12.

Wednesday, July 30, Y-12 vs Monsanto.

Thursday, July 31, Hospital vs K-25.

Friday, August 1, Y-12 vs Monsanto (rained out game).

League standing as of last Friday follows:

Team	W	L	Team	W	L
Hospital	5	1	Monsanto	2	4
Y-12	4	2	K-25	1	5

Calutrons Rate Well In Softball League

Entering the plant softball league in mid-season, the Calutrons, composed of players from Dept. H12E, Process Development Dept., have been playing heads-up ball and giving the opposition plenty of trouble. First row, left to right, are Barnett, Wallis, Manager Cottrell, Calloway, Ellington and McCurdy. Back row, Brown, Kelly, Livingston, Dickerson, Luce and Murray.

SOFTBALL TOURNAMENT OPENS AUGUST 4

Officials Of Golf Club

Recently appointed new officers of the Oak Ridge Golf and Country Club include the three Y-12 men shown above. From left to right they are W. D. Lavers, secretary; H. D. Duncan and James Kirk, both on the board of directors.

Lavers, Kirk And Duncan Given Offices In Golf Club; Membership Dues Are Set

Three Y-12 men were elected to office in the Oak Ridge Golf and Country Club at a meeting of the group last week. W. D. Lavers was elected secretary of the club, succeeding Clark Kaskie, who resigned. James Kirk and H. D. Duncan were placed on the club board of directors.

Membership fees for the club were set at the session. For working members, those who are aiding in construction of the course west of Oak Ridge, the fees will be \$50. Of this amount, \$25 can be worked out by the member by performing duties on the golf course at a rate to be determined by the club. For non-working members the fees will be \$60.

The membership fees may be paid in installment. The first is payable before October 1, the second on October 1 and the third on December 1.

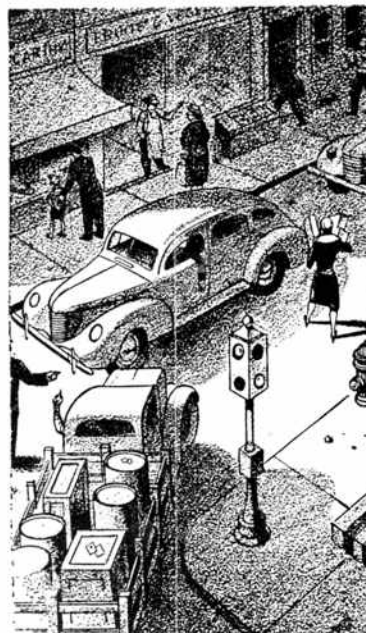

Work on the course is progressing rapidly. Mowing has been completed on all of the nine holes now under construction. Some grubbing remains to be done as well as construction of tees and greens.

The club has organized work crews for each hole on the course as a move to stimulate competition among the members to speed completion of the project.

Keep your job safe and keep your job.

Brevity is the next best thing to silence.

Life When— You Bet Your

...You jaywalk by crossing streets at points other than intersections.

Double Elimination Contest Is Planned For Plant League; Leaders To Be Seeded

At a meeting of managers of the plant league softball teams last Thursday, a decision was reached to extend the playing season through August 2 and then to stage a double elimination tournament beginning Monday, August 4. The first four teams in the league standings at the end of the regular playing season will be seeded in tournament play.

Rain played havoc with the league schedule last week and the dates on which the postponed games will be played will be determined by the managers and the Recreation Office.

Ramblers Quit League

The Ramblers decided to call it quits last week and withdrew from the league. Several players on that club, however, desired to continue playing and were assigned to different clubs in the league through a drawing held by the managers.

Because of the deluges of last week that halted loop activities, there was no relative changes in the standings. The Has Beens continued on top of the heap, closely pushed by Bldg. 9212 in second place.

Tournament Schedule Given

In the tournament scheduled to open August 4, three games are scheduled for that night at the Administration Field. A single game will be played Tuesday night on the Oakwood No. 2 diamond. Activities will return to the Administration Field Wednesday night and a single game will be played Thursday night. The schedule will be moved back one night in case of rain.

The schedule for the remainder of the regular season revised again because of weather, follows:

TUESDAY, JULY 22
Oakwood Field No. 2
6 p.m., One-91 vs Bldg. 9212.
WEDNESDAY, JULY 23

Bldg. 9212	13	4	Calutrons	36
Bums	10	6	Ramblers	313
Maintenance	9	6	Y-11	114

Who Am I?

I have destroyed more than all the wars.

I am more deadly than bullets and I have wrecked more homes than Big Bertha.

I steal in the United States alone more than \$300,000,000 each year.

I spare no one, and find my victims among the rich and poor alike, the young and the old, the weak and the strong.

I loom up to such proportions that I cast my shadow over every field of labor, from the turning grindstone to the moving of railway trains.

I massacre thousands and thousands of wage earners every year.

I lurk in unseen places and do most of my work silently. —You are warned against me but you heed not.

I am relentless.

I am everywhere—in the house, on the streets, in the factory, at railroad crossings and on the high seas.

I bring sickness, degradation and death and yet few seek to avoid me.

I destroy, crush and maim.

I give nothing, but take all.

I am your worst enemy.

I am CARELESSNESS.

MILLER PUBLIC SAFETY HEAD
George W. Miller, former field representative of the National Safety Council, Chicago, became chief of the Oak Ridge Department of Public Safety July 7. He succeeds Lt. Col. Donald G. Williams. W. T. Sergeant is assistant chief of the department.

Police station visitor: "Could I see the burglar who was arrested for breaking into our house last night?"

Cop: "Why do you want to see him?"

Visitor: "I want to find out how he got in without waking my wife."
